Dear Mr. Makasini:

Attached you will find the FY 2020-21 Annual Report for the Oak Park Property and Business Improvement District (OPPBID). This report outlines our Budget, Service Plan and Assessment Recommendations for the coming Fiscal Year 2020-21.

I have included a budget summary for the district as outlined in the Management District Plan (MDP), which was adopted in 2016. The first assessments were distributed to the district in 2017. The Board of Directors increased the assessment last year, but have not elected to increase the assessment this year. A summary table of the assessment calculation and estimated revenues (for the duration of the new district) is included in this report.

The projects and programs in the new MDP are consistent with those outlined in the previous plan, with some minor adjustments to the allocations. The OPPBID will continue to actively manage safety and security programs, as well as maintenance and economic development efforts.

We look forward to sharing successes in the coming year. Thank you for your continued support and guidance.

Sincerely,
